

May 5, 1981

Mr. Donald W. Curtis
1317 E. Cambridge
Springfield, Missouri 65804

Dear Mr. Curtis:

On Thursday, April 30, 1981, the City's Water Pollution Control Section received a complaint that a substance resembling diesel fuel had been spilled or discharged onto the curb and gutter in front of your property on Cambridge Street. On investigation by personnel from this office, this substance flowed from in front of your property in a westerly direction toward the storm sewer.

Please be advised that if this spillage is due to any activity on your part, this constitutes a violation of City, State, and Federal Water Pollution Laws. The law contains severe penalties for the discharge of oil or petroleum products. This office maintains periodic surveillance throughout the corporate limits of the city and will watch this area closely.

Yours truly,

J. R. L.

J. Randall Lyman
Water Pollution Control Inspector III
Surveillance & Enforcement
